Raiiz Innovations Inc. Acquires [Ecohome.net](#) Intellectual Property Portfolio, Expanding Its Technology Solutions Footprint.

November 30, 2024

[Vancouver, BC] - Raiiz Innovations Inc. ("Raiiz"), a company that strategically acquires, partners with, and consolidates transformative technologies, today announced the acquisition of the intellectual property assets of Ecohome.net ("Ecohome"). Ecohome is a software platform dedicated to sustainable building practices, providing resources for homeowners, builders, and professionals interested in eco-friendly construction and renovation. This acquisition strengthens Raiiz's position in the growing sustainability technology sector and opens up new opportunities for innovation and market expansion.

The acquisition includes Ecohome's entire intellectual property portfolio, comprising software assets, intellectual property rights, and technical components. This integration into Raiiz's ecosystem marks a significant step in the company's mission to scale transformative technologies.

"The acquisition of Ecohome.net's IP portfolio aligns perfectly with our vision of creating a comprehensive suite of technology solutions," said Robert Pierson, CEO of Raiiz Innovations. "Ecohome has built an impressive foundation of software assets and information for the built environment, and we're excited to expand on their innovations to bring these to a broader audience and market."

Ecohome.net, known for breakthrough achievements in sustainable construction, has positioned itself as an industry leader. Mike Reynolds, co-founder of Ecohome, shared his excitement: "We're thrilled to see our technology and content find a home with Raiiz. Their commitment to innovation makes them the perfect partner to elevate our intellectual property, and this acquisition ensures our achievements continue to evolve and benefit consumers worldwide."

"This acquisition is a game-changer," said Maxime Boudrias, VP Technology at Raiiz. "With Raiiz, we have the opportunity to scale Ecohome's vision with cutting-edge technologies and lead the way in sustainable building. I'm really excited for what's to come!"

"This acquisition is more than a business transaction," added Yanni Milon, VP Innovation at Raiiz. "It's an opportunity to combine Ecohome's innovative technologies with our expertise in scaling and market development. We're excited to continue building on the strong foundation Ecohome has laid."
